Colega 2. Libro Del. Alumno + EJERCICIOS + CD Audio (PACK) (Spanish Edition)

Synopsis

Despues del exito de La Pandilla, las autoras nos presentan Colega, un material que se puede utilizar con ninos mas pequenos, a partir de los 7 anos. El titulo del manual, Colega, alude al principal protagonista de la historia, un perrito. La gran novedad es que, para motivar a los alumnos, Colega, existe: es un perro de peluche que los profesores van a utilizar a lo largo del ano; el sera el encargado de presentar muchas de las estructuras comunicativas para practicarlas en clase. Colega, viene de Espana para ayudar a los alumnos a aprender espanol; solo habla espanol y no entiende otros idiomas, asi que los alumnos deberan hacer el esfuerzo de hablarle en espanol para que se sienta a gusto. Acercamiento ludico a la lengua espanola con material muy ameno, lleno de ilustraciones pensadas para el publico meta. Colega constara de 4 niveles. Descripcion: Enfoque comunicativo adaptado a las necesidades comunicativas de los ninos a partir de 7 anos. Progresion clara y sencilla. Trabajo especifico de las actividades comunicativas de la lengua haciendo especial hincapie en la comprension auditiva y en la expresion oral: los ninos escuchan y aprenden canciones, retahilas, etc. Descubren juegos infantiles del mundo hispano que pueden ver en los videos de nuestro Canal Jovenes.

Customer Reviews

Yes, you do get the book, workbook and CD. I read the item description for this item and figured you got all 3, but sometimes I have purchased other items in the past that made it look your going to get all 3 and you don't, you have to purchase all 3 separately. So yes, you get all 3!! purchased this

book, workbook and CD as a fun way to learn Spanish. I am an adult learning Spanish and like learning Spanish with items made for kids. There are 63 pages in the book and workbook. There are 6 chapters. Each chapter is about 5 to 7 pages long, the first chapter has 9 pages. I haven't really started using it yet but have listened to some of the audio and scanned through the book and workbook. The book is very thin and so is the workbook. They both have a thin soft cover. The audio files are on a CD that is in a little holder in the back of the book. I like the idea of being able to listen to some of the words or songs on the pages. But, where I think there should be audio I noticed there isn't any, but still, there are around 63 audio files. This book seems like it goes a bit fast on each subject, such as greetings, animals, weather, etc. As I already know most of the words in the book, I am getting this more for the audio, to be able to hear the words spoken. But if I was learning the words in each chapter I would almost guess you would need something else to go along with this. It's great for me to hear the Spanish audio and do the book more as a review. As I bought this book for myself as an adult, the only bad part is, on a lot of the pages it says to get a classmate to work on the words that you're learning, and I don't have a classmate to do this with.
