Grade Level: 7 - 12

## Customer Reviews

The title would lead one to believe that there is actually an audio portion to this book. What there is, however, are 74 pages that are of absolutely no use because there is no tape or CD included. For those of us who do not speak Spanish and have children trying to learn it this book is a waste of money.

The workbook was in excellent condition but alittle misleading...when is states Workbook and Audio Activities---there was no CD or audio objects with the order. So, now I'm on the hunt for the CD's in order to complete the class?? Help!

I also purchased this workbook expecting a CD. There isn't even any reference to a CD or how to access any audio material in the workbook ?? The audio activities of the workbook are useless.

Several adult students ordered this workbook, the advertising was misleading. The book was fine

but we were expecting audio disc for the exercises. NOT.

This one does go with my TE and student book that I am using for this year. I will use it all the time.

Not well planned, the photos and illustrations are hard to see. A lot of wasted paper. Exercises could have been planned far more efficiently. (This from a long time Spanish teacher.)

Great Experience in purchasing this textbook for my son's Freshman Year in High School. I would recommend Books to anyone who needs books or textbooks.

Great Spanish book. Showed up quickly. Was listed at a very affordable price. My son will enjoy using in in Spanish class this year.
