Customer Reviews

Edith Hamilton's choices for this fine small collection of Greek Plays includes two selections from Aeschylus and Euripide's Trojan Women. Her brief but insightful analysis introducing each play is alone worth the price of this book. It is clear she favors Euripide's and her exposition of the Trojan Women as the greatest of all Anti- War literature is thought provoking and a wonderful way to introduce the reader to the play that follows. I've had this book for many years and have returned to it numerous times. These are works that have as much meaning today as they did to their Greek audiences over 2,500 years ago. Quite an achievement.

The binding is too tight for me to lay it flat thus using it as a script is very INEFFECTIVE which is why I purchased it. As a professional stage actress I have used scripts from books and this one is exceptionally challenging. Even copying it is proving to be more difficult than I am used to. Even as a book it would only have received 3 stars at best. Using it as a reference that I must refer back to or as a script whether to read directly or copy scenes from it is not functional. The words seem to be aligned awkwardly on the page as well; too far to one side. :(

Edith Hamilton does such a fine piece of work. We gave it as a gift to an admirer of Edith Hamilton. Joyfully received.
