Frontier Gift Of Love (American Wilderness Series Romance Book 5)

Synopsis

Catherine's life is at stake. Captain Sam Wyllie is forced to face his darkest fear and make an impossible choice. A wrong choice will shatter their blissful world and everything that matters to him. For his wife and unborn child to survive, his love will have to be stronger than their misfortunes. It's December 1799, and Sam and Catherine are expecting, but their unborn babe is in grave danger and Catherine might not live through the child's birth. Sam is desperate to find a way to save them both. Sam's courageous heart is sorely tested. He frantically searches for a solution to the impending crisis as their winter in the beautiful Kentucky wilderness grows even more troubled. Heavily armed, cold-blooded men arrive to buy Wyllie Mountain, in Sam's home state of New Hampshire. The land is sentimental to Sam and he refuses to sell. But these ruthless men will do anything to force him to sign over the deed. Sam must not only stop these determined men, he needs to uncover who sent them, and why they want his mountain. If you love thrilling historical romance, don't miss this action-packed read with a heart-pounding finish. *FRONTIER GIFT OF LOVE*, set in what was then America's West, is the highly-anticipated fifth novel in the American Wilderness Series Romances (however each book may be read independently). Like Dorothy Wiley's four other award-winning novels, this exciting tale is emotionally powerful. A Readers' Favorite Gold Medal winner for Westerns, Wiley continues to earn five-star ratings from readers. Her epic frontier stories captivate readers of romance, westerns, and historical fiction. Charmed by the beauty of her poignant love stories, romance lovers cheer for her endearing heroes and heroines. Spell-bound by horrific events and heinous villains, readers of westerns fear for her valiant characters' settlers of the untamed West. But all readers appreciate Wiley's ability to take them on a thrilling journey to a new world for the brave. With her singular voice, passionate narrative, and thrilling plots, Wiley has written an enthralling, highly romantic, and timeless series.

Customer Reviews

The American Wilderness series is just the whole package! We are transported back through time to frontier Kentucky. You can smell the damp earth in the middle of the wilderness as our favorite family starts their journey home to celebrate two special births! We have our heroes, the Willey brothers, beautiful and smart heroines, and frontier smart children. If that is not enough, we have an enemy both seen and unseen that is threatening this family. Dorothy Wiley's series just gets better with each book. I was born and raised in Kentucky. To read about my home and the brave women and men who started this great state..makes me hold my head a little higher. Thank you Ms. Wiley for representing Kentucky and our history with such passion and love! I look forward to many more books in this series.

This is another exciting story in this wonderful series. It is full of excitement, tense moments, being with family and lots of love. Once you start reading you can't put it down. The writer takes you to a time in our history that was still wild in the frontier. Old friends and family are in the book and it makes you feel like you know them and are part of the story. It will have you holding your seat, laughing, crying and loving every minute of it. I highly recommend this book. It is a great stand alone book in this series, but you might want to start with book one if you haven't seen the beginning of the family story. Well researched and written!

I loved this book as I did the rest of the series-I read them all in order-and hope there is another book coming in this series. I love the characters, the story, everything. I feel like I am watching a good movie while reading-excellent author

Way too wordy. Could have been half as long. Author did a good job of telling readers about the

characters but you really should read the other books to gather all the background of the complex family. In this book, there was too much made over the bad guys who wanted the mountain but it was just a small piece of the story. We get that the husbands loved their wives and didn't need to be told every 2-3 pages.

I got this one for free, which helped. It wasn't horrible (I have read a lot worse) but it didn't make me want to run out and read the other books in the series. If you're into historical and overwrought drama, you may enjoy this one. As stated in the description, it is the 5th book in a series, but the author went a little overboard in making sure readers knew what had happened in the other books. It's a very wordy novel, and they didn't all need to be in there. There's at least one "plot extension" that was pretty unnecessary, at least in my opinion - the only reason to have it was to a) make the book longer b) show how awesome one character is and c) seriously make you question the intelligence level of one guy's employees. The language gets a little purple at times, as well.

Example: "His wife's abilities in their bed chamber seemed to blossom with every coupling. Like a lovely rose, she unfolded her charms petal by petal." There are references to married couples having sex and enjoying it, but I don't recall anything too graphic. And perhaps some more editing would have prevented us from reading this line: "I want you ladies to be sure Catherine rests while I'm gone. And take good care of her!" It sounded like an order because it was."

Thank you for book five, Sam @ Catherine, Love that couple! I can't tell you what couple I like the most, each are awesome in their own way. This family and its members always have me laughing and crying, such heartfelt feelings and emotions in this author's books. Can't wait for the next one.

Have really enjoyed the whole series especially Frontier Gift of Love. Am anxious to read the next book. When you start reading you do not want to put the book down until you have finished it, then wonder what the next series will develop into. Excellent read

Excellent author and storyteller. This was the first book by Wiley I had read. When I read it I knew it wouldn't be the last. Love a book I cannot put down once I started reading it. Patricia LaDuke
