Coach: The Complete Series (Alpha Male Bad Boy Romance)

Synopsis

Zeke Baxter is a successful businessman who's put his love life on hold to build his career for so long that he has decided to turn to a matchmaker to save himself the time and trouble of weeding out women he isn't compatible with. After an evaluation, the service pairs him with a "dating coach," Natalie Leathers, to give him tips and pointers on how to make the most of his future dates. Zeke is annoyed at having to go through any kind of training, and initially blows off his first meetings with the woman, thinking that he'll breeze through and get his clearance as quickly as possible. Natalie is initially frustrated at the gaffes and arrogance of her client; but when he reacts to her need to cancel one of their sessions due to her three-year-old son's illness, she begins to see a different side to him. A make-up date brings them closer than either is comfortable with--and both Zeke and Natalie have to remind themselves of their need to keep things professional, even while they begin to develop more personal feelings.* This steamy alpha bad boy romance has a HEA *

Vol 1 Natalie is a dating coach for men who wants to learn what a woman want from a successful dating experience. Zeke is businessman, handsome, and very successful but lonely. He signs up to

learn the skills needed to find his future wife to start a family with. Natalie becomes Zeke's coach and the attractions begins. The rules are very clear a coach can't have feeling or get physically involved with a client. But Zeke and Natalie break the rules, he even meets her son Brady . Natalie and her son both care about Zeke once they express their feelings Natalie has to resign from her job to be with him. Zeke finds her a job and the three of them start their future . I loved the book it was original, fun to read with well developed characters. Vol 2 Patrick is a widower with a five year son, he is also a successful businessman. Mackenzie is a certified physical therapist specializing in working with children. Patrick's son breaks his leg during a soccer game, after the cast is removed he was referred to physical therapy to help him get back his strength and help him to walk without crutches . Landon really likes his new therapist and so does Patrick. Patrick asks her out on a date and their journey begins to find new love and a mom for Landon . They have bumps in the road but eventually become a strong couple. I really liked how the author made Landon the center of his father's world, if a woman wasn't right for his son he would not pursue a relationship. This is very mature educated couple with careers who develop a friendship then a relationship . A must read ! Vol 3 Nicki is a freshman in college struggling with her classes and adapting to college life. Tyler is beginning his senior year of college and planning to join his family accounting firm as soon as he graduates.
