Thunder Rolls (The Almeida Brothers Trilogy Book 2)

Synopsis

He was nineteen. He was her student. The erotic suggestions his intense green eyes made at her during her lectures would send any sensible woman running for her life. But Lila James had lost her senses many years ago, and Chase Almeida looking at her with sex clouding his gaze was hardly enough to scare her off. She was a respected lecturer at Harvard, his older brother's bitter ex, and currently up for promotion. A promotion that would surely go up in flames if she entertained the propositions in Chase's eyes for so much as a single second. He was just a boy with a crush, and Lila knew she could handle it. What she could not handle, however, was his older brother, Jack. Word had it Jack was in town, and he had no immediate plans to return to the island of Manhattan where he belonged. At least not without her.

Spoilerish!!!! I read the first book and fell in love with Jack and Lila. The back and forth between them was just gold. But even at the end of that book, I had problems with wishy washy Lila. She said she

was going to give Chase and Jack space and separate from both of them, yet she took a position where Chase would be going to school. So, what she really wanted was space from Jack. Now we get to this book and she has not even called Jack for a year, yet she can't stay away from Chase. She broke this man's heart. He loved her and waited until he could not wait anymore. I found Lila hard to relate to in this book. And she quickly goes from wanting Jack to saying the same words she said to him to Chase. There was no twist in the book because the grandmother, Jack, everyone not blind had told you who Lila always chooses. Getting to this chose she made, I'm sorry I just did not buy the love she had with Chase. I felt like she was convincing herself it was this deep love. That all that sexual attraction meant she loved him in the same way she loved Jack. I hated how the book tried to make me favor Chase with characters insulting Jack compared to him. "I always liked him better. He's not as good looking. Jack always competes and Chase just loves." Well, that's not the Jack I saw in either of these books. Although Jack was jealous of his little brother, I never got that it was a competition for him. He truly loved her and I did not like the books attempt at trying to force him to be a bad choice. Let the readers decide for themselves if Jack is a bad choice. The Jack I saw was battling this love he had for her and couldn't understand how she could not let go of his little brother.
