# Arguing About Literature: A Guide And Reader

## Synopsis

PACKAGE THIS TITLE WITH OUR 2016 MLA SUPPLEMENT, Documenting Sources in MLA Style (package ISBN-13: 9781319084516). Get the most recent updates on MLA citation in a convenient, 40-page resource based on The MLA Handbook, 8th Edition, with plenty of models. Browse our catalog or contact your representative for a full listing of updated titles and packages, or to request a custom ISBN. More and more, first-year writing courses foreground skills of critical analysis and argumentation. In response, *Arguing about Literature* hones students' analytical skills through instruction in close critical reading of texts, showing them how to turn their reading into well-supported and rhetorically effective argumentative writing. Two books in one, it combines a guide to reading literature and writing arguments with a compact thematic anthology of stories, poems, plays, essays, and arguments for analysis and research, from the authors of *Making Literature Matter*.

## Customer Reviews

This is NOT the full book. It's missing all the short stories among other things and is useless for my class. Had to drive straight to my campus book store and pay(again) for a usable copy in time for class. Where can I report this as a faulty product that needs fixed?

Do not buy the kindle version! I went to do my assignments for this week and the last 100 or so pages are missing and/or not correct. I couldn't figure out what was wrong or why I couldn't search for the topics so I came here and saw the other recent reviews (they were not there when I bought

the book). So now I am worried about getting a 0 on them. Not cool!ETA This turned out to be some truncated version- and that is what it is sold as HOWEVER it is listed as a full size version of the book. It is not. So don't buy this for your class unless your teacher specifically says that is what they are using. gave me a refund for the kindle version but trying to find a paper version proved to be difficult mid semester.

Wrong item. It has less than 100 pages and you'll be left in the dark if you're trying to read with your classmates

Do not buy this book, it does not include the entire textbook. It only contains the first six chapters. Don't waste your money. I am still waiting on to stand behind their product!

THIS IS NOT THE COPY OF THE BOOK THAT IS USED IN MOST COLLEGE CLASSES. IT IS MISSING OVER HALF OF THE BOOK AND DOESN'T CONTAIN MOST OF THE SAMPLE READING. DO NOT BUY.

Why are there only 200 something pages in this when the paperback is almost 1000? It doesn't say anything about it

paper back is over a thousand pages. but wait get it on kindle for half the price and less then half the pages!

This ebook is missing most of the required reading for college courses. It was a waste of money and you would be better just looking up the stories.
